

Haline Series (HQ)

Suitable for wet locations
Lamp included

Haline Series Specification

Haline Series is a general purpose lightweight weatherproof and rugged floodlight. Available in a 500W - 120V & 1500W - 240V quartz lamp. Luminaire shall be completely pre-wired for ease of installation.

Basic Product Description

One piece lightweight durable finned die cast aluminum housing and lens frame with a high temperature silicone gasket that seals out moisture and dust. A stainless steel positive latch (500W) and two stainless steel screws (1500W) secure the hinged lens frame to the housing. Haline Series is finished in an all weather bronze polyester powder coating. All hardware is stainless steel. Various mounting positions are available - pole top, wall/pole mounting, and cross arm brackets. A 1/2" threaded die cast mounting arm is standard. A spring loaded socket with silver plated contacts guarantee long operating life.

Reflector Assembly

The combination of a one piece alzak finished aluminum reflector and a tempered clear glass lens provides a uniform wide beam distribution.

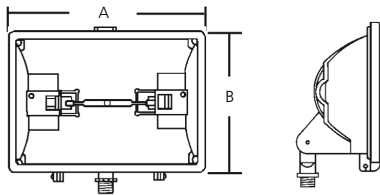

Effective Projected Area

EPA = 0.39 SQ. FT. (500W)

EPA = 1.0 SQ. FT. (1500W)

WEIGHT = 6 lbs (500W) 7 lbs (1500W) 

	A	B
500 W	8-7/8"	6-3/8"
1500 W	14-1/2"	9-1/4"
